

# How to:

**Register a LBank  
account**

# Step 1:

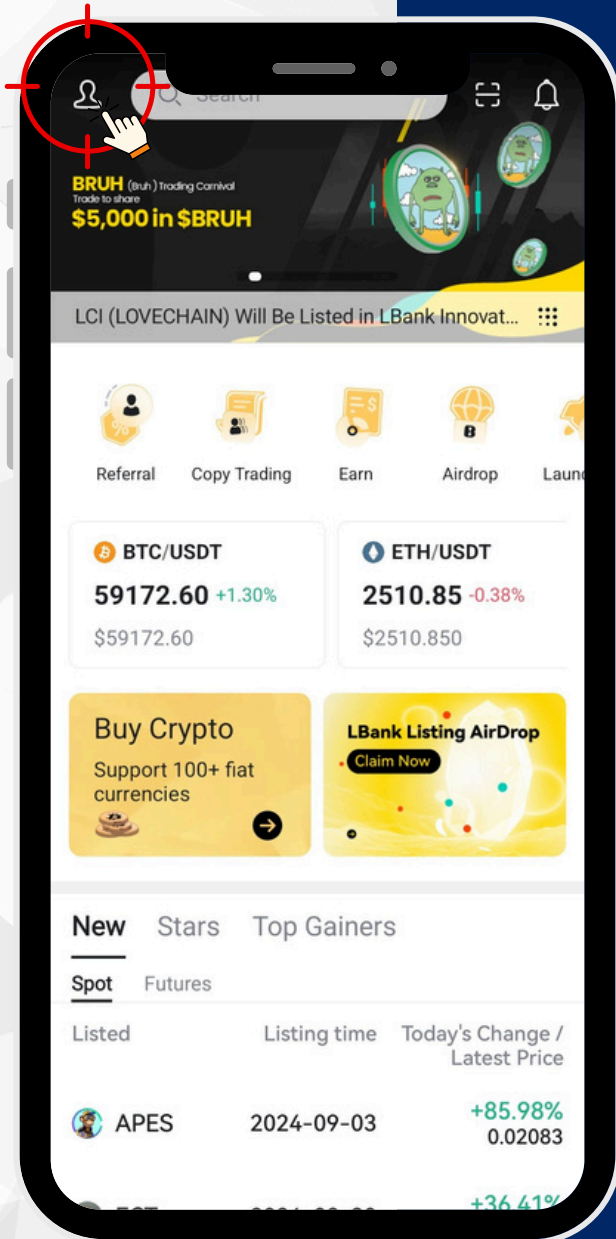

## Download the LBank APP

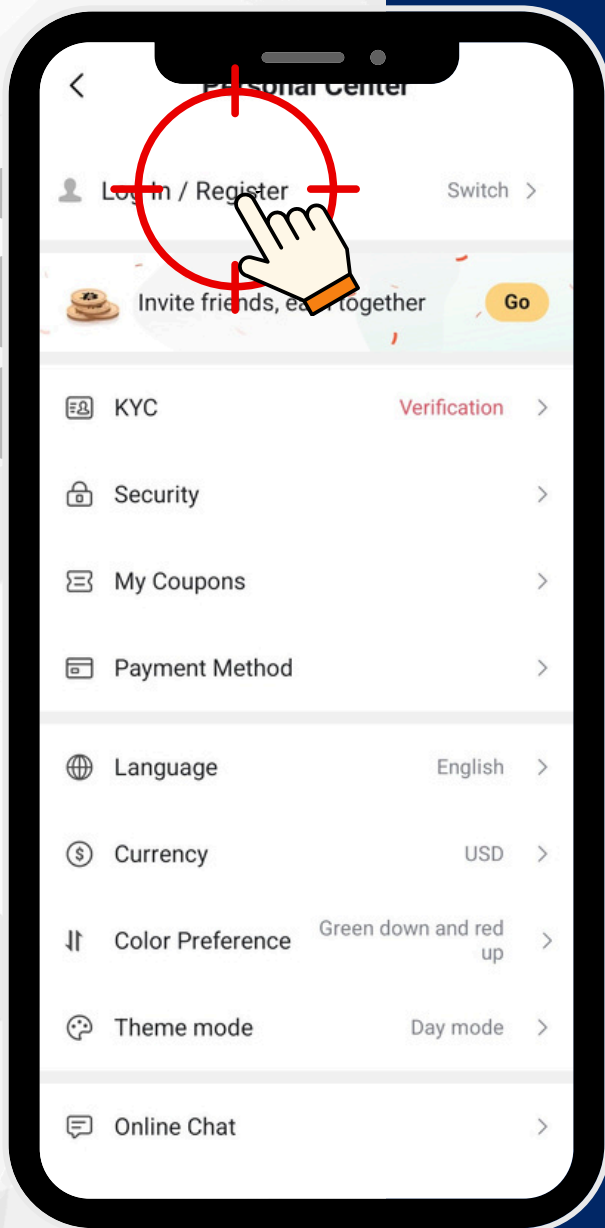

## Step 2:

Open the LBank  
APP

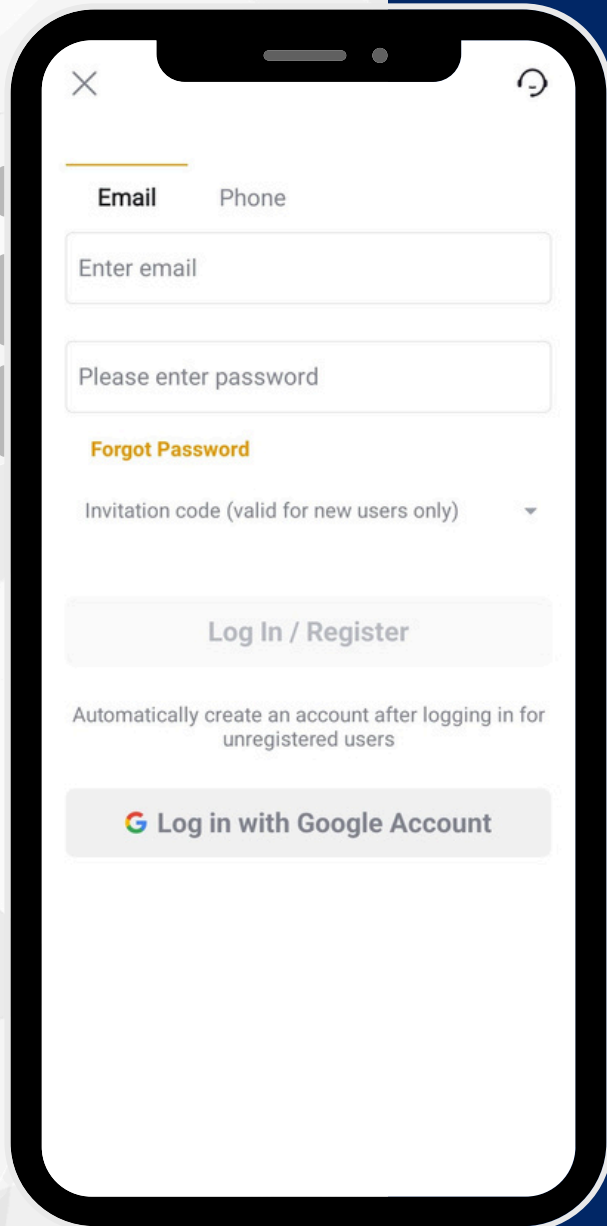

# Step 3:

Click on the  button on the top left corner

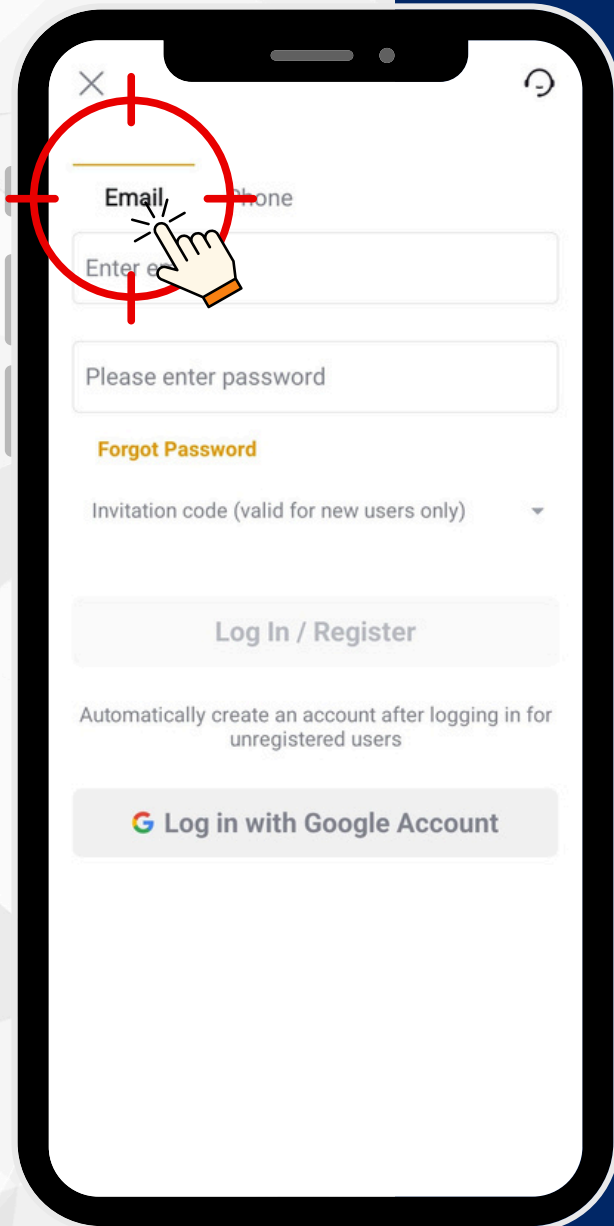

## Step 4:

Click on the  
“Login/Register”

# Step 5:

## Register with Email/Phone

# Step 6:

Click on the  
“Email” tab

The image shows a smartphone screen with a login/register form. At the top, there are tabs for 'Email' and 'Phone', with 'Email' selected. Below the tabs is an input field containing 'abc123@gmail.com'. Underneath is a password field with masked characters and a toggle icon. Below the password field are three password requirements: '8-20 characters', 'Contains letters and numbers', and 'Support special characters !@#\$\$%^&\*()'. There is a 'Forgot Password' link. Below that is an 'Invitation code (valid for new users only)' dropdown menu. A large orange button labeled 'Log In / Register' is centered. At the bottom, there is a note: 'Automatically create an account after logging in for unregistered users' and a 'Log in with Google Account' button.

# Step 7:

**Fill in your email  
and set a password\***

**\*The password should contains  
letters, numbers and is at  
between 8 to 20 characters.**

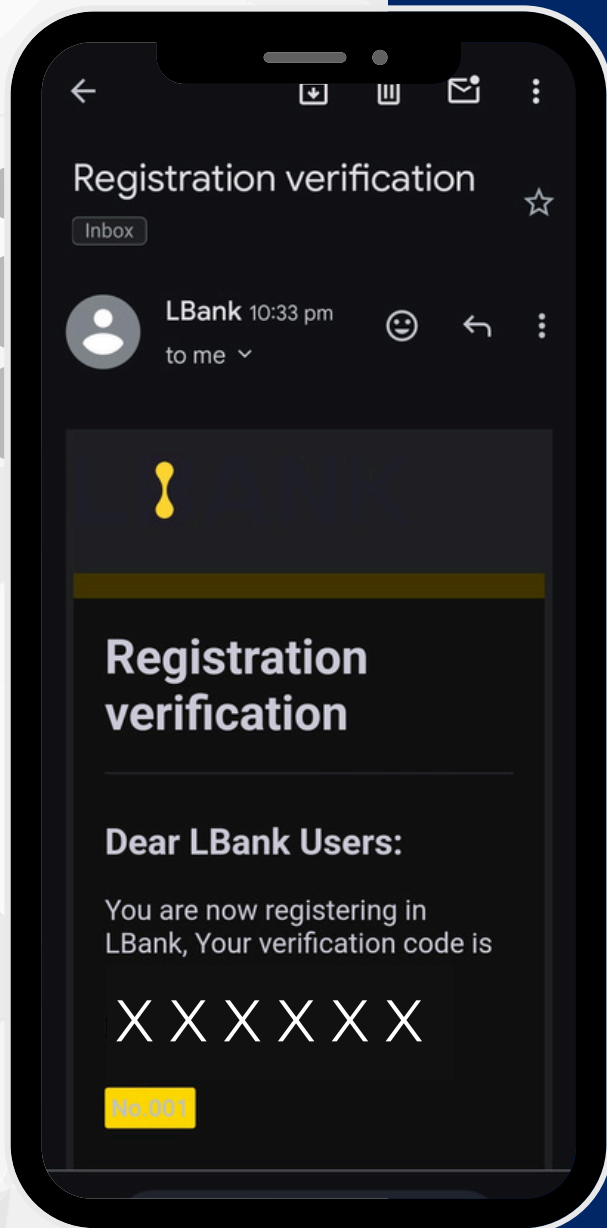

A smartphone mockup displaying a login/register form. The form includes fields for Email (abc123@gmail.com) and Password (masked with dots). Below the password field are three green checkmarks indicating password requirements: 8-20 characters, Contains letters and numbers, and Support special characters !@#%&\*(). A link for 'Forgot Password' is present. An 'Invitation code (valid for new users only)' dropdown is visible. A prominent yellow button labeled 'Log In / Register' is highlighted with a red circle and a hand cursor icon. Below the button, text states 'Automatically create an account after logging in for unregistered users'. At the bottom, there is a 'Log in with Google Account' button.

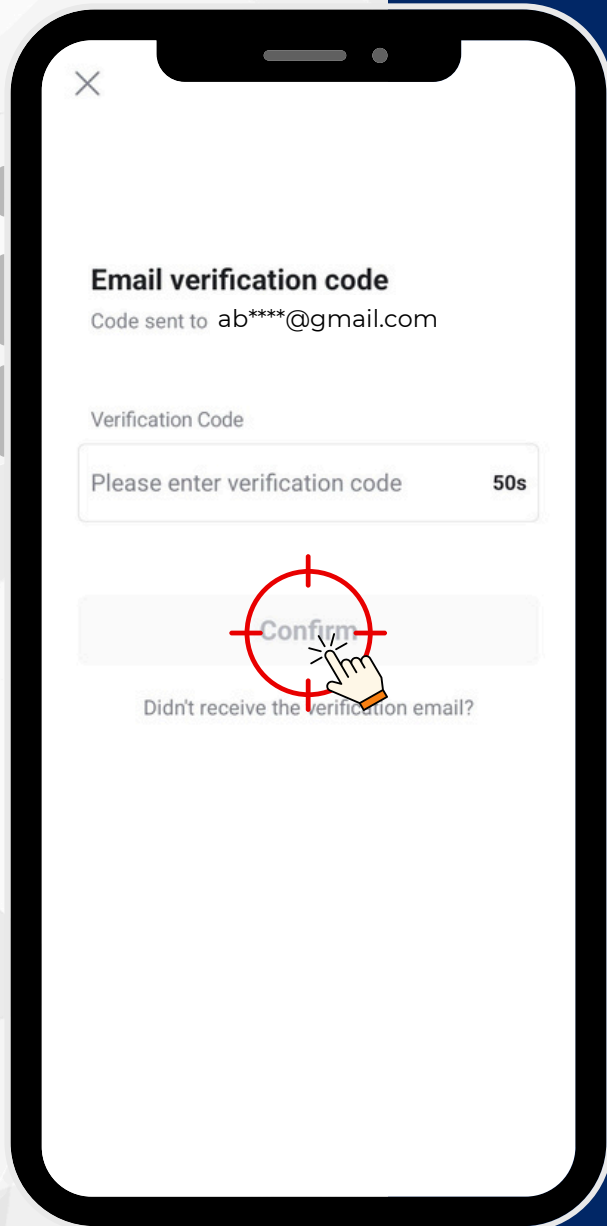

# Step 8:

Click on the  
“Login/Register”  
button

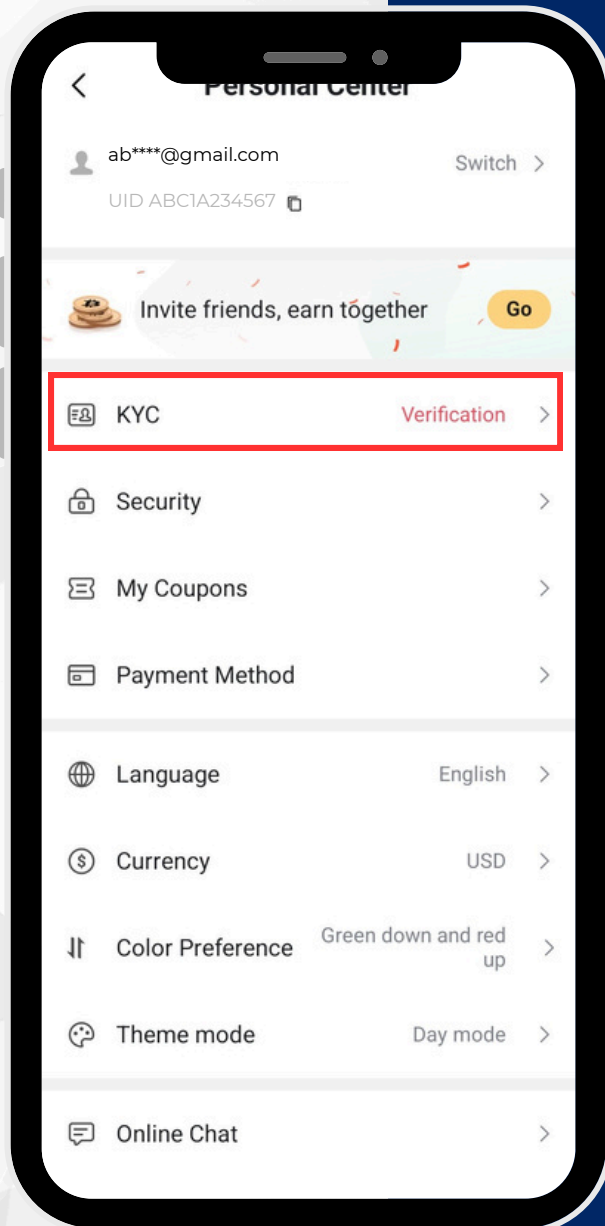

# Step 9:

Check email for the  
verification code

# Step 10:

**Fill in the email verification code and click on the “Confirm” button**

# Step 11:

**Your registration is successful**

**Click on the “KYC” to proceed for verification steps.**
